Review

「This cosmetic is comfortable to use」

It is attractive that the color variations of the eye shadow are abundant. You can create a variety of impressions depending on how you use it, such as gradation and point use. Unlike palettes, it's also convenient that you don't have to worry about leaving unused colors.

「I like the design because it has a theme」

A street lifestyle brand from South Korea. Our original cosmetic brand, Witch's Pouch, offers items that bring out the individuality of each user.
